

Single Stream Recycling is now Township wide!

Place your bins / containers at the curb once a month, on your scheduled day during the recycling weeks highlighted on the calendar.
Place bins at the curb no earlier than 7:00 PM on the night before and no later than 6:00 AM on the day of collection.

Holiday collection schedule will be delayed one day as highlighted on the schedule.

For information call the TRCOG office at (412) 466-7377 or see local papers for specifics or go online at www.elizabethtwp.com.

Bins / Containers: Elizabeth Township has provided you with two bins for each household, and they remain the property of the Township and **must be returned when you move.** Those bins can be continually used, but if you do not have enough room for all of your recyclables, please feel free to use your own container or bag as long as it is clearly marked "recycling" and placed on or near your current recycling bins. With single stream recycling, it is no longer necessary for you to segregate glass, aluminum and plastic from each other. You may combine your recyclables in a single bag or container if the bins provided do not provide enough capacity.
